SACRAMENTO, Calif. – “The California Highway Patrol is aware of the tragic events that took place in Boston today and our sympathies are with the victims, their families, and the many first responders on scene. We are closely monitoring the investigation in Boston and are sharing this information with our personnel.

We have an effective process for handling any threats when discovered and we are continuing to work with our federal, state, and local law enforcement partners to ensure the safety of the people of California.
